

# Coronavirus Disease 2019 (COVID-19) Situation Report

Data as reported by national authorities by 23:00 local time 12 July 2020

Situation Report No. 94 - Kingdom of Bahrain  
13<sup>th</sup> of July, 2020

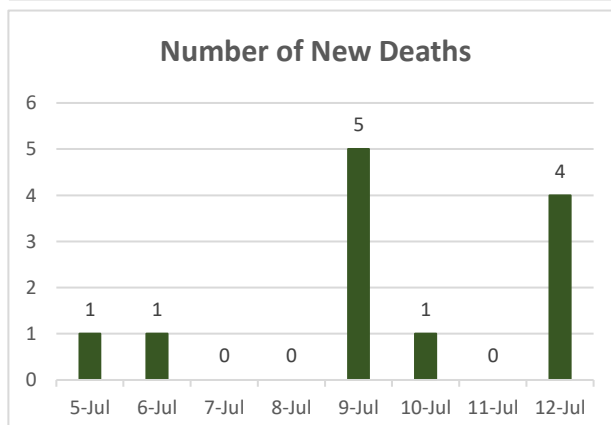

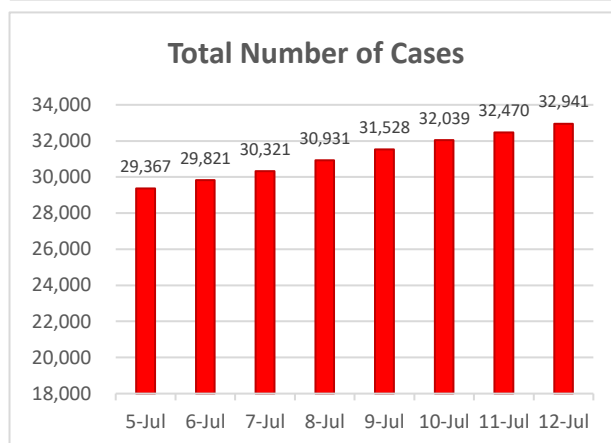

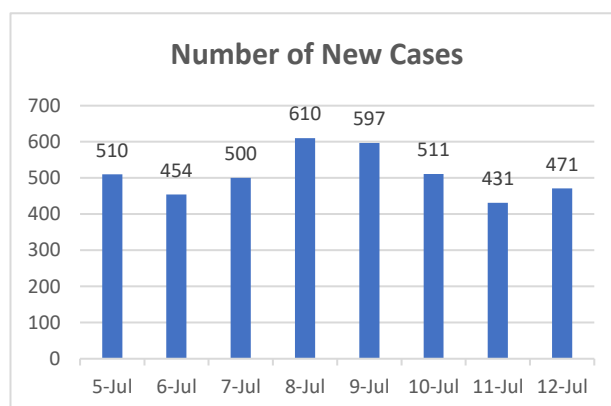

|              | Global         |                 | Eastern Mediterranean Region |                 |
|--------------|----------------|-----------------|------------------------------|-----------------|
|              | COVID-19 Cases | COVID-19 Deaths | COVID-19 Cases               | COVID-19 Deaths |
| <b>Total</b> | 12,552,765     | 561,617         | 1,271,338                    | 30,652          |
| <b>New</b>   | 230,370        | 5,285           | 15,361                       | 510             |

## Kingdom of Bahrain

|              | Confirmed Cases | Recovered Cases | Deaths | Active Cases | Critical Cases | PCR Tests |
|--------------|-----------------|-----------------|--------|--------------|----------------|-----------|
| <b>Total</b> | 32,941          | 28,425          | 108    | 4,408        | 47             | 666,248   |
| <b>New</b>   | 471             | 597             | 4      | -            | -              | 9,589     |

## HIGHLIGHTS

- The Mortalities are: 2 Bahraini citizens (80 years old female and 68 years old male) and 2 male expatriates (29 and 48 years old).
- Civil Defence trains 5,501 volunteers for sanitization operations.
- MoH: Incoming passengers required to shoulder the cost of mandatory COVID-19 testing (30 Bahraini Dinar) starting July 21st.
- 2 more branches of the Northern Municipality have been shut down after some employees in customer services tested positive.
- All private disability rehabilitation centres have been warned to ensure COVID-19 restrictions are fully implemented or else face fines and legal action.
- Opening swimming pools were allowed with conditions (daily sterilization of water, social separation and wearing of masks).
- Solidarity trial interim results show that hydroxychloroquine and lopinavir/ritonavir produce little or no reduction in mortality of hospitalized COVID-19 patients (see link below).
- WHO releases "WHO Academy" mobile application providing COVID-19 resources for health workers in 6 UN languages.
- WHO clarifies comments made earlier regarding COVID-19 transmission, See link below.
