

Table 7 Practices regarding sexual habits and contraception

Question <sup>a</sup>	Males (n = 505)		Females (n = 905)		P-value	Total (n = 1410)	
	No.	%	No.	%		No.	%
Already had sexual relations							
No, never	135	26.7	708	78.2	< 0.0001	843	59.8
Yes, with vaginal penetration	241	47.7	63	7.0	< 0.0001	304	21.6
Already used contraception <sup>b</sup>	237	64.1	48	24.4	< 0.0001	285	50.3
Yes, without penetration	137	27.1	78	8.6	0.005	215	15.2
Male condom <sup>c</sup>	204	86.1	2	4.2	< 0.0001	206	72.3
Yes, with anal penetration	128	25.3	28	3.1	< 0.0001	156	11.1
Oral contraceptive <sup>c</sup>	–	–	27	56.3		27	9.5
Spermicidal products <sup>c</sup>	2	0.8	2	4.2		4	1.4
Coitus interruptus <sup>c</sup>	1	0.4	1	2.1		2	0.7
Would seek help for contraception <sup>b</sup>							
No	231	62.4	119	60.4	0.02	250	44.1
Yes, gynaecologist	24	6.5	63	32.0	< 0.0001	87	15.3
Yes, pharmacist	47	12.7	13	6.6	< 0.0001	60	10.6
Yes, general physician	31	8.4	10	5.1	0.003	41	7.2
Yes, midwife	11	3.0	12	6.1	0.46	23	4.1
Yes, social worker	12	3.2	6	3.0	0.30	18	3.2
Yes, nurse	7	1.9	8	4.1	0.50	15	2.6
Had sex without contraception <sup>b</sup>							
No	193	52.2	80	40.6	0.004	273	48.1
Yes, extra-vaginal	60	16.2	43	21.8	0.55	103	18.2
Yes, because unplanned	45	12.2	25	12.7	0.40	70	12.3
Yes, during infertile days	35	9.5	30	15.2	0.20	65	11.5
Where do you usually have sex <sup>b</sup>							
Home, parents absent	203	54.9	105	53.3	0.30	308	54.3
Beach chalet	196	53.0	85	43.1	0.23	281	49.6
Car	158	42.7	77	39.1	0.90	235	41.4
Dormitory rooms	111	30.0	32	16.2	0.002	143	25.2
Beach	103	27.8	36	18.3	0.05	139	24.5
Forest	94	25.4	32	16.2	0.05	126	22.2
Night club	82	22.2	30	15.2	0.15	112	19.8
Home, parents present	50	13.5	33	16.8	0.12	83	14.6
Movie theatre	58	15.7	24	12.2	0.50	82	14.5
University	44	11.9	17	8.6	0.41	61	10.8
Public place (road, garden)	30	8.1	18	9.1	0.42	48	8.5
Thinks sex without penetration	173	34.3	310	34.3	0.94	483	34.3
Would abort a pregnancy <sup>b</sup>	187	50.5	102	51.8	0.06	289	51.0
Would use morning after pill <sup>b</sup>	84	22.7	49	24.9	0.86	133	23.5

Some totals < 100% because of missing values.

<sup>a</sup>More than one answer possible.

<sup>b</sup>Percentages calculated for those who declared previous sexual relations.

<sup>c</sup>Percentages calculated for those who used contraception.
