

Table 1 Correlation between the driving behaviour questionnaire and physical factors in a survey of 275 permanent residents of the United Arab Emirates

Factor	Spearman's coefficient (df = 273)			
	Violations	Errors	Lapses	DBQ (total)
ASRS	0.31 ^{**}	0.49 ^{**}	0.47 ^{**}	0.50 ^{**}
Years of driving experience	0.002	-0.04	0.06	0.03
Hours of sleep	0.002	-0.08	-0.03	-0.05

ASRS = attention-deficit hyperactivity disorder self-report; DBQ= driving behaviour questionnaire

^{**}P < 0.01.
