Imposed National and Provincial Restrictions

As a patient-tracking measure, all citizens are required to be in possession of their national ID cards as a prerequisite to gain entry to government offices, receive public services, or use public transport.

As of 21 November 2020, the following scheme, called “smart management of restrictions,” has been implemented nationwide. In this scheme, the alert level for the cities is reviewed weekly, and corresponding closures/openings are applied for one week. More details on the alert level of cities

can be found on the risk map and provincial capitals risk status table.

Technical Deputy of Ministry of Health Environmental and Occupational Health Center announced that reception halls are allowed to operate in cities of blue and yellow status. The maximum number of participants allowable in a hall is 75 people in blue cities and 55 in yellow ones. However, in outdoor halls the maximum capacity may be twice these numbers. The maximum duration of events is 3 hours.
