If the number of admitted COVID-19 patients in a city is <2 per 100,000 populations per day, the status of that city will be **blue**; if the number is ≥2 and <4 per 100,000 populations, the status will be **yellow**; if the number is ≥4 and <6, the status will be **orange**; an if the number increases to ≥6, the status will be **red**.

☀ Imposed National and Provincial Restrictions

As a patient-tracking measure, all citizens are required to be in possession of their national ID cards as a prerequisite to gain entry to government offices, receive public services, or use public transport. Technical Deputy of Ministry of Health Environmental and Occupational Health Center announced that reception halls are allowed to operate in cities of blue and yellow status. The maximum number of participants allowable in a hall is 75 people in blue cities and 55 in yellow ones. However, in outdoor halls the maximum capacity may be twice these numbers. The maximum duration of events is 3 hours.

Which businesses are closed?	According to the statement by Iran's Chamber of Guilds , the closure of businesses is not relevant anymore. This is in line with the new scheme of "the smart management of COVID-19," which requires all business owners to get vaccinated and register at asnaf.moi.ir, along with observing health protocols, to get permission to operate. Public office employees should get fully vaccinated or provide a negative PCR test result every 2 weeks to be able to attend work.
