On 28th April 2022, WHO Country Representative Pakistan Dr Palitha Mahipala accompanied by District Health Officer, district central Karachi Dr Muzaffar Odho visited the Sakhi Hassan water pumping station. Dr Palitha observed the process of water pumping and filling of the water bowsers at the station that supply water in the area. He asked about the water chlorination mechanism and water distribution system in the districts. During the visit water samples were also collected and sent for laboratory testing.

WR in his remarks, emphasized on regular water quality testing for Chlorine level and contamination. He advised to promote simple measures to prevent the diarrhea such as washing hands, eating hygienically prepared foods, drinking water that is boiled and cooled or treated with chlorine. Dr. Muzaffar assured that water testing results will be communicated on an urgent basis and that more water samples will be tested frequently, and awareness messages will be disseminated in the community.
