OPERATIONAL SUPPORT AND LOGISTICS

\$16.75M

Medical supplies and equipment provided to the MoH

1.8M
Gloves

1.7M
Surgical Masks

999,700
COVID-19 Tests

124
Ventilator Machines

150
Oxygen Concentrator

305
Hospital Beds

60
ICU Beds

25
Nebulizer Compressors

1
GeneXpert Machine

1
PCR Machine

1
Extraction Machine

2.5M
Vaccine Syringes

45
Refrigerators

26
Freezers

2
Refrigerated Vehicle

SURVEILLANCE AND EPIDEMIOLOGICAL INVESTIGATION

\$545,500
IT equipment provided to strengthen health information management

19
Rapid Response Teams established and provided training of trainers (ToT)

49
Assessments conducted at isolation centres and points of entries

LABORATORY AND DIAGNOSTIC

11
Technical staff provided ToT on COVID-19 testing

Gaza Central Laboratory renovation supported

Coordinated transportation of samples for testing outside the Gaza Strip

CASE MANAGEMENT, CLINICAL OPERATIONS, AND THERAPEUTICS

985
Health workers trained on case management and ICU care

7
Respiratory triage centers established at key hospitals in Gaza

Enhanced preparedness of East Jerusalem Hospitals Network (EJHN) to receive COVID-19 patients

INFECTION PREVENTION AND CONTROL

1,145
Health workers trained on infection prevention and control (IPC)

IPC guidelines for oPt developed in coordination with MoH

Upgraded Palestine Red Crescent Society's ambulance service to support the management and transportation of COVID-19 cases

VACCINATION

1.57M
Vaccine doses provided to MoH through COVAX, in coordination with UNICEF

607
Health workers trained on COVID-19 vaccination

20
Vaccination points furnished

Vaccine cold chain strengthened through the provision of equipment and supplies

RISK COMMUNICATION AND COMMUNITY ENGAGEMENT

650,000
Posters and brochures distributed

12
TV spots broadcast

14
Billboards placed

12
Health promoters oriented

32
Radio spots broadcast

200,000
Social media audience engaged

Funding received from
