**2 163**

community health workers (CHWs) deployed for case findings and contact tracing

**312 785**

households visited by CHWs for case finding

**1 227 953**

individuals reached by CHWs with risk communication messages

**1 038**

COVID-19 alerts investigated by district rapid response teams

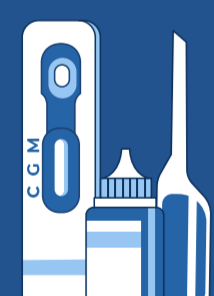

**13 212**

samples tested for COVID-19

**10 000**

COVID-19 samples collection and transportation medium distributed

**12 500**

antigen rapid diagnostic tests distributed

**141 863**

people partially vaccinated against COVID-19

**38 132**

people fully vaccinated against COVID-19

**111**

health workers trained in surveillance, case management or infection prevention and control

**9**

treatment centres supported for patient care

**501**

pulse oximeter distributed

**5**

oxygen concentrators distributed

**250**

oxygen cylinders with regulators & humidifier distributed

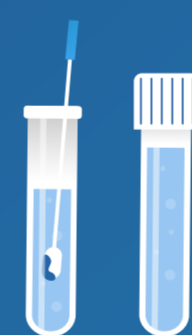

**1 000**

respiratory mask N95 distributed

**1 400**

face shield distributed

**100**

PCR supplies and RNA extraction kits distributed

**3**

genome sequencing device and supplies distributed

**5**

viral RNA extraction machine distributed

Our operational response to COVID-19 is supported by:
